The bill was supported by the US Conference of Catholic Bishops, Catholic Relief Services, and the Congolese Bishops' Conference. For a summary of Sec.

See USCCB letter to Congress at: <http://www.usccb.org/sdwp/international/2010-07-01-ltr-hubbard-house-hr278.pdf>. The guide is available at <http://www.usccb.org/sdwp/international/warandpeaceind.shtml>.

The Catholic Peacebuilding Network (CPN) is a voluntary network of practitioners, academics, clergy and laity from around the world which seeks to enhance the study and practice of Catholic peacebuilding, especially at the local level. The CPN aims to deepen bonds of solidarity among Catholic peacebuilders, share and analyze "best practices," expand the peacebuilding capacity of the Church in areas of conflict, and encourage the further development of a theology of a just peace. While it is a Catholic network, the CPN believes that authentic and effective Catholic peacebuilding involves dialogue and collaboration with those of other religious traditions and all those committed to building a more just and peaceful world.
